
Title: A Journal

Author: Brian.

Everything is going
according to plan.

Avery was instructed to
escort Lord Francesco to
an 'important' gathering
of nobles in Nujel'm.

Lord Francesco is
starting to get suspicious
of these repetitive
meetings that don't fully
require his presence.

We will need to act soon.
Erik thinks our contact
will be giving him a date
for our action, when they
next meet.

I hope it is so.

The Captain was ordered
to lead an expedition to
the Blood Dungeon
tonight.

I have no way of warning
my brethren in time.

Whatever the outcome, I
take comfort in knowing
our deaths will not stop
our plans.

We are nothing and to
nothing we gladly return.

Death to the Council!
